Riverside Hub

Class 3 visited The Riverside Hub in November 2017. The Curriculum aim was to observe old and new buildings en route as well as at the venue. We saw a good range of buildings on the way.

The PSHE aim was to learn to improve their ability to take turns and help their peers as well as to provide a multi sensory experience for all pupils.

The hub had a wide range of areas which meet the needs of a wide range of children. The set up of the hub enabled pupils who were able to, to have freedom to explore. The children with more sensory needs had a lovely chilled out time in the Sensory Rooms.

Everyone had a fabulous day exploring the play centre and interacted well with their peers and other children and their carers where able.
