Dear Parents/ Carers,

**MATHS WORKSHOP 'DROP IN'**

At Spring Common Academy we are once again offering an exciting opportunity for you as parents and carers to come and work alongside your child in a Mathematics Workshop. As the session is a 'drop in' it is not essential that you let us know if you intend to come or not. However, if you are definitely considering coming along it would be great if you could register your interest by completing the slip below.

Mathematics is a core curriculum subject and we want to make sure that as parents and carers you feel confident in supporting your child in their learning. **Although the session is open to all parents it will be particularly relevant to parents / carers of pupils in Key Stages 2 and 3.**

This year's Maths Workshop will focus on how to secure pupil's understanding of number concepts and will be on Friday 3<sup>rd</sup> May from 9am-10am in the Sports Hall.
