

SMOKE FREE POLICY

**SPRING COMMON ACADEMY TRUST
AMERICAN LANE, HUNTINGDON, CAMBRIDGESHIRE. PE29 1TQ**

It is the duty of the Trustees to ensure that no-smoking signs are displayed in accordance with the guidance that can be found on www.smokefreeengland.co.uk. Failure to display no-smoking signs may result in a fixed penalty fine of £200.00 or a maximum fine of £1000.00 if prosecuted and convicted by a criminal court. Failing to prevent smoking in a smokefree place may result in a maximum fine of £2500.00 imposed on the manager of the smokefree premises or work vehicle.

1. INTRODUCTION

- 1.1 Smoking remains the largest single preventable cause of death and disability in the UK, causing some 120,000 deaths a year and costing the NHS in England approximately £1.5 billion per annum. Statistics show that smokers take about twice as much sick leave as non-smokers - nationally approximately fifty million working days are lost each year as a consequence of smoking.
- 1.2 The Trustees of Spring Common Academy Trust acknowledges that the Health and Safety at Work Act 1974 requires employers to provide a safe environment for employees and members of the public.
- 1.3 In line with The Health Act 2006 this policy therefore forbids all staff, pupils, volunteers, visitors and Trustees and contractors from smoking within all internal and external areas of the school, including school vehicles, with effect from *1 July 2007*. Appropriate no-smoking signs will be clearly displayed at the entrances to and within the premises and in all smoke free vehicles.

2. OBJECTIVES

- 2.1 We are committed to:
 - protecting staff, pupils, volunteers, visitors and trustees against passive smoking by providing a smoke-free environment.
 - providing advice and support to staff who want to stop smoking.
 - providing young people with a consistent message regarding tobacco and appropriate role models.

3. COMPLIANCE

- 3.1 The Trustees believes that in the long-term risks to health will be minimised by maintaining a comfortable and safe working

environment. Smokers are therefore required to comply with the policy requirements. Where an employee refuses to comply with the requirements of this policy then disciplinary action will be considered.

- 3.2 Those who do not comply with the smokefree law may also be liable to a fixed penalty fine of £50.00 or a maximum fine of £200.00 if prosecuted and convicted by a criminal court.

5. ELECTRONIC CIGARETTES

The school acknowledges that some employees may wish to make use of electronic cigarettes (e-cigarettes) as an aid to giving up smoking. E-cigarettes are battery-powered products that release visible vapour that contains liquid nicotine that is inhaled by the user.

The school prohibits the use of e-cigarettes in all internal and external areas of the workplace. E-cigarettes produce a vapour that could provide an annoyance or health risk to other employees. E-cigarettes can, from a distance, look like real cigarettes, creating an impressions for students, staff, parents, contractors and visitors that it is acceptable to smoke.
