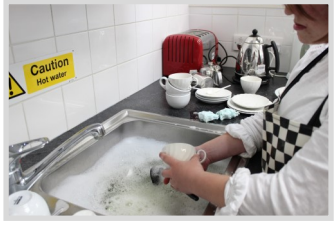
MACMILLAN COFFEE MORNING 2018

Truly, Truly Scrumptious!

We took part in Macmillan Coffee Morning 2018 by holding two very special events. We turned the Upper School Hall into a giant tearoom, complete with freshly made cakes, delicious hot tea and coffee and very attentive waiters and waitresses. We hosted two coffee mornings on Tuesday and Wednesday so all our friends, family and members of the local community could come and help us raise funds for this very important cause.


Our P16 students were on hand to greet guests, welcome them and assign them tables, take orders and serve food and drink and also manage our very busy raffle table. They were all very professional and did a wonderful job. We will be announcing our total money raised soon - keep your eyes peeled on our school website!
