Dear Parent/Carer,

You may have already noticed that our new website is fully up and running. We update the website frequently bringing you the latest school news, events and lots of other important information. We hope that you have found the new layout exciting, helpful and enjoy all the amazing photos that we can fit onto each page.

In addition to the new website we have also launched a School News App. The app is free to download from iOS App Store, Google Play or Windows Store. All you need to do is go to your respective app store and search for 'School News.' Once downloaded, you will be able to click on the 'Find My School' button or enter the school's postcode (PE29 1TQ). You will be taken to the Spring Common's News App. (You should only need to input the school or postcode once.)

At the installation stage you will be asked if you would like to receive 'push notifications.' Please select yes – by doing so a notification bar will pop up on your opening screen with details of what has been added to the website. Please note: these notifications are silent and only relate to the items listed below so that you are not bombarded with non-school news information. You will need to go to the app to access the news. The app gives you instant and direct access to the following information:

- *LATEST NEWS
- *EVENTS GALLERY
- *LETTERS SENT HOME
- *CONTACT US

App icon

Please explore all the features within the app to discover its usefulness. We hope that it will help you feel better connected and better informed. You can find more information on the school's website: www.springcommon.cambs.sch.uk > Parents > News App

Kind Regards

Jillian Sanders
