HELLO

As your schools catering team, Edwards and Blake really are at the heart of every meal. We pride ourselves on providing fresh and delicious school meals coupled with friendly service from our child focused employees.

Your schools Catering Team are here to deliver freshly prepared and nutritionally balanced meals and snacks. Our meals are child friendly and compliant with Government school food standards, giving children the fuel to learn, love food, play and grow.

Our philosophy is built on freshly cooked meals that are prepared from scratch every day using the best possible ingredients that are also locally sourced wherever possible.

OUR MENUS

Fresh & Tasty every day

We have a reputation for using only the best, finest quality ingredients. Our dishes contain 95% fresh ingredients.

A bit about our food

- Marine Stewardship Council fish (MSC) is used, which meets the high standards of sustainability and traceability
- Meals contain no undesirable food additives or hydrogenated fats
- High levels of local procurement of meat, dairy, fruit, vegetables and salads used daily
- Red Tractor (farm assured) meat
- Free Range Eggs
- All menus are seasonally aligned, where possible, to meet the Food for Life standards

It's time to send pack lunches packing! You could save money & time!

A typical packed lunch is likely to cost as much, if not more than the typical school meal would cost. Especially if it has products such as tinned drinks, crisps or chocolate in it.

Similarly, the nutritional value of a packed lunch falls way below that of a school meal based on 2012 national research, which established that only 1% of school lunch boxes met nutritional standards.

Choosing a school meal also takes away the hassle of making them of course!

Could your child be entitled to **FREE SCHOOL MEALS?**

Is your child registered for free school meals but not taking them? You could be missing out on what you're entitled to. You could save over £10 per week or over £300 per year!

What you need to know?
