Color the picture that shows how you get to school

I ride to school with _____

On the way to school I see _____

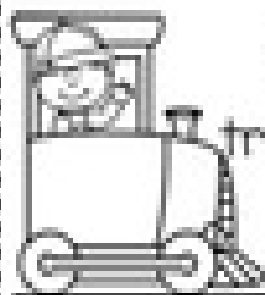

This is me going to school!

Name _____

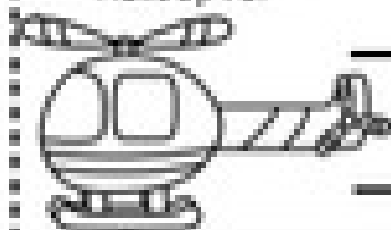

Transportation

Write a sentence about each transportation.

train

helicopter

bike

Transport Topic Activities

Maths

- Count different types of transport on a daily walk.
- Look at a car or bike, draw a picture of it and look at what shapes you have drawn
- Build a Lego town and create a road system for cars
- Race toy cars, how far do they travel, which goes the furthest?
- Sort toy transport—by colour, size
- Draw a map of your route to school/to a shop

Literacy

- Interview your family about what transport was like when they were at school
- Find some pictures of your favourite transport and write descriptions of them
- Build a Lego town—label the buildings—what are they—school/hospital/house etc
- Roleplay driving a car/taxi/bus/plane. Make tickets for passengers.

Other

- Learn to ride a bike/scooter
- Go for your daily exercise, walk, run—plan your route, talk about what you will see
- Build a spaceship to travel to space!
